PRODUCTION & LOGISTICS

## Back to the Origins!

- Welcome to the Paris 2025 EHS Congress.
- Thousands of participants are expected in Paris, one of the World's Best City Destination!

The EHS was established in Paris, 1979. GREPA, "Groupe de Recherche et d'Études sur la Paroi Abdominale", was founded by Jean-Paul CHEVREL, Jean RIVES and René STOPPA in Paris. Afterwards, EHS was renamed EHS-GREPA, "European Hernia Society", in 1998 and EHS, in 2021.

Last congress in Paris was organized 30 years ago!

We expect an outstanding congress, with original configuration, full of innovations. A world faculty will attend, just for you.

Don't miss early registration and make sure to book all social events. Register now to our newsletter, not to miss any updates, special offers, early registrations, abstract submissions.

We hope to see you so numerous in Paris, June 2025.
